## Killam Wants a Gas Pipe Line From Sedgewick to Edmonton via Wetaskiwin

Communication Read at City Council—Mayor Suggests Board of Trade Be Organized and Matter Discussed by Citizens—Camrose-Wetaskiwin Gas Franchise Discussed But Gets Scant Consideration

A meeting of the City Council was held Tuesday evening, with all members in attendance.

J. B. Fraser reported that James Scott had been elected as Alderman by acclamation on Thursday last and that Messrs. A. P. Moan and P. J. Kuester had been elected to fill the vacancies on the Separate School Board.

Minutes of last meeting were adopted.

Dr. N. A. Johnson and C. B. McMurdo addressed Council respecting the matter of taking over the Wetaskiwin Exhibition Association. Dr. Johnson read a financial statement showing a liability of about \$1700, with book assets amounting to about \$6300. It was agreed that Wetaskiwin give a grant of \$500 this year provided the Municipal District of Montgomery makes a similar grant.

The Killam Board of Trade wrote respecting the proposed pipe line from Viking to Edmonton, suggesting that it be piped from Sedgewick and follow the railway line to Wetaskiwin and thence to Edmonton. His Worship suggested that a Board of Trade be formed in Wetaskiwin, when this matter would be considered by the citizens.

The Mayor then submitted the following standing committees, which were accepted by the Council, the first name being chairman:

Finance—Aldermen Gothard, Inglis and Scott.

Police, Fire and License—Aldermen Marshall, Cook and Inglis.

Utilities—Aldermen Inglis, Scott and Howatt.

Health, Relief and P.R.S.—Aldermen Howatt, Marshall and Cook.

City Lands—Aldermen Cook, Gothard and Marshall.

Public Works—Aldermen Scott, Howatt and Gothard.

The Parks Board for 1928 was then appointed as follows: Ald. Howatt, Messrs. R. W. Manley, W. H. Odell, Chas. H. Boyer, Dr. N. A. Johnson and Mayor Montgomery.

Ald. Scott was elected to fill the vacancy on the hospital board on the casting vote of the Mayor.

The Mid-Canada Oils, Limited, wrote respecting the procuring of the gas franchise for Camrose and Wetaskiwin. A reply will be sent that Wetaskiwin is not prepared to negotiate for a gas franchise.

Co. of the Knob Hill Sawmill Co., of \$150 for a 5 h.p. generator was accepted.

J. E. Cameron, secretary of Social Service Council of Canada wrote asking for grant to help on the work. Council could not favor a grant.

The Electrical Engineers of Calgary wrote respecting supplying exhaust pipes and muffler for new engine at cost of \$750. Referred to Utilities Committee with power to act.

C. H. Russell, solicitor, wrote re proposal to adopt assessment roll of last year, giving suggestions as to procedure. It was agreed that the Minister of Municipal Affairs be asked to have the City of Wetaskiwin governed in the matter of assessment by the provisions of the ordinance, and that if granted, the necessary legal procedure be followed in the assessment this year.

The Skating Rink Association submitted an account of \$4 and asked that city assume same. The account was passed for payment on casting vote of the Mayor.

It was agreed that the Electrical Engineers be asked to guarantee the erection and operation of the new engine.

J. S. Watson, superintendent, submitted a requisition for sewer supplies. This was granted.

Mrs. V. C. French and Mrs. B. D. Howatt wrote accepting the appointments to the hospital board. These were received and filed.

The offer of Mr. Standaal to purchase lot in city for \$50 was accepted.

Three lots near C.P.R. roundhouse were sold to R. Defer for \$25.

A. S. Craig offered \$3 to rent property for parking. Council decided to ask \$10 for same.

A building permit was granted E. Carlson to repair garage recently burned.

The fire chief submitted a report for November and December, which was received and filed.

The following accounts were passed for payment: General, \$278.75; electric light, \$614.10; waterworks, \$26.35; supplementary, \$239.09; firemen's payroll, \$25.50.

The matter of insurance carried by the city was referred to the Finance Committee with power to act.

Chief of Police Kingzett reported on an alleged case of destitute circumstances, as well as the Gies family and Gustaf Anderson, and recommended assistance in the last two cases.

The Police Committee recommended the purchase of furnishings for the police cells, requisitioned by the Chief of Police. The purchase was authorized and referred back to committee for action.

The request of Aaron Peterson to lease pasture was referred to committee.

The meeting adjourned.

## FIRST CANADIAN RANGE BEEF CATTLE SHIPPED TO JAPAN

Vancouver, Jan. 13.—Shipments of dressed beef have been exported to Japan from this port for several years past and shipments of purebred and grade dairy cattle have also been made, but what is believed to have been the first shipment of live range beef cattle was made from here by the Vancouver Livestock Exchange recently. The shipment consisted of 40 head of heifers averaging 1200 pounds each, which were obtained in Alberta. The animals, which will be slaughtered at Kobe, were in prime condition, but coming straight off the range and never having had a rope on them since they were branded, the longshoremen had a lively time in getting them on board ship and tied in their stalls.

"Just a minute—where are you going?"

"Sorry, but I haven't time to stop. I'm catching the nine-thirty."

"You'll have to hurry. I've just missed it."

## TUXIS SQUARE CARNIVAL GREAT SUCCESS IN EVERY PARTICULAR

The ice carnival held in the skating rink on January 11, under the auspices of the Tuxis Square, was a grand success. The weather was mild, which made it very pleasant, although the same condition made the ice soft.

The Wetaskiwin Band, under the leadership of Father Walraven, was present, and provided excellent music. On every hand was heard expression of appreciation of this kind and gratuitous service on the part of the band.

There was a good crowd at the carnival, the majority being children and young people. A few parents came along to enjoy the pleasure with their children, which is a beautiful condition to prevail.

The prize for the best costume was awarded to Donald Merner. In this class there was a great variety of costumes.

The judges of costumes were Nurse Brown and Dr. McColgan. The prize for the best fancy costume was awarded to Estor Somers, who was dressed in a Spanish costume, which was very beautiful. There were also several other costumes worthy of a prize.

The prize for the best comic costume was awarded to Donald Merner. In this class there was a great variety of costumes.

## "THE PAL" TO BE OPENED ON FRIDAY EVENING

The grand opening of "The Pal," the new addition to the Driford Hotel, will take place on Friday evening next, commencing at 9:30 p.m., with a big housewarming. There will be dancing and cards. See announcement elsewhere in this issue.

## Weddings

LOGAN-HAY

On Friday, Jan. 13th, Mr. John Logan of Lewisville was married at the Lutheran parsonage, Nanton street, to Miss Hannah Hay, eldest daughter of Mr. Henry Hay, of Lewisville. The bride was accompanied by her father. Immediately after the wedding the young couple left for Edmonton where they intend spending their honeymoon.

OENBACH-ZOHRER

On Saturday, Jan. 14th, Mr. William Oenbach of Hilda, Alberta, was married to Miss Rosalie Zohner, daughter of Mr. Zohner of Wetaskiwin. The wedding took place at 7 p.m. at Mr. Zohner's residence, on the 10th wedding anniversary of the bride's parents. The double event attracted quite a large gathering of friends, who showered congratulations and suitable presents on the two bridal couples. Rev. Appel of Wetaskiwin, officiated and gave short addresses in German and English suitable to the occasion. The happy young couple intend to leave for their home in the south within a few days.

SCHULZE-GRINDE

A very quiet wedding took place at the Lutheran parsonage on Nanton street on Monday afternoon, when Mr. William Schulze of the local U.F.A. store and Miss Alma Grinde, daughter of Mr. Adolph Grinde, were united in the bonds of holy matrimony. The bride was attended by Miss Henry Hay, while Mr. Egon Gaudeser did the honors to the bridegroom. Immediately after the ceremony the happy couple motored to Edmonton, where, we understand, they intend to spend their honeymoon.

## OFFICERS OF THE EASTERN STAR ARE INSTALLED

The members of the Order of the Eastern Star had an enjoyable time in their lodge room on Friday evening last, the occasion being the installation of officers for the ensuing term. The installing officer was Sister Fraser and she was assisted by Sister Chiddy, as marshal. A sumptuous banquet was served at the conclusion of the lodge business. The officers for the year are:

W.M.—Sister Newville.  
W.P.—Bro. V. C. French.  
A.M.—Sister Groves.  
Sec.—Sister MacEachern.  
Treas.—Sister Gethard.  
Con.—Sister Paton.  
Assoc. Con.—Sister Wallace.  
Chap.—Sister Ballhorn.  
Mar.—Sister Williamson.  
Organist—Sister McCrae.  
Adm.—Sister Morris.  
Ritual—Sister Cole.  
Elder—Sister Turner.  
March.—Sister Ballhorn.  
Elector—Sister Smith.  
Wardens—Sister Walcott.  
Sentinel—Bro. Riph. Ballhorn.

## FIFTY-THREE THOUSAND NEW COLONISTS IN '27

Montreal, Jan. 14.—Approximately 53,000 new colonists were directly added to Canada's population in 1927 through the instrumentalities of the department of colonization and development, Canadian Pacific Railway, according to a report Friday of J. N. K. McAllister, the assistant commissioner of that department.

While the majority were secured by the department's organization in the British Isles and the European continent which covers all of the preferred countries, a large number came through the United States organization which works in the agricultural states.

"The number of families moved from the United States reveals a stimulated interest on the part of the people of that country in Canadian land settlement," the report says.

In the past year the Canadian Colonization Association, with headquarters at Winnipeg, maintained as a subsidiary of the department of colonization and development, settled 26 families of 343 persons on 162,982 acres of land, these transactions involving a sum of more than \$6,000,000.

## WEATHER REPORT

The following are the temperatures for the past week as recorded at the Wetaskiwin Meteorological Observatory:

	Max.	Min.
Thursday (Jan. 12)	41	27
Friday	31	6
Saturday	18	2
Sunday	23	-2
Monday	37	18
Tuesday	40	15
Wednesday	34	10

## District Governor Tatham Talks to Local Kiwanians

Dr. Tatham of Edmonton, governor of the Western Canada District, paid an official visit to the Kiwanis Club on Tuesday evening. He was accompanied by Louis G. Scott, president of the Edmonton Club.

In introducing Governor Tatham, President George James announced that this week Kiwanis is celebrating its 13th anniversary, the first meeting having been held in 1915. Kiwanis clubs now numbered 1870, with a membership of approximately 180,000.

It was the Governor's first official visit and in his address he dealt in an interesting manner with the meaning, benefits and objectives of Kiwanis, and stated that the slogan for the Western Canada District now is "reach club to sponsor another club during this year."

Kiwanian Curt Smith announced that the club's new quarters will be ready in another two weeks and Kiwanian Bob Grant of the sports committee, told of arrangements for an inter-club curling game with Edmonton at the Capital City on the afternoon of January 26th.

## Town Topics

F. G. Wilson left for Vancouver on Tuesday on a business and pleasure trip.

Miss Mary MacEachern is spending a few weeks' holidays visiting friends in Winnipeg.

O. S. Todd, who has been visiting in Calgary, returned to his duties at the Mutual Creamery on Tuesday.

Mrs. (Dr.) P. Molloy, of Edmonton, is a guest at the home of her parents, Mr. and Mrs. C. E. Compton, for a few days.

Mrs. A. A. Halliday of Crossfield, who has been visiting here, leaves for P. C. McCrae, left for home a few days ago.

Quite a number of farmers and their wives from this district are in Calgary this week attending the U.F.A. convention.

Mrs. Harry Cook underwent an operation in the Wetaskiwin hospital on Monday. It is reported that she is getting along nicely.

W. F. H. Montgomery returned home Sunday evening from Winnipeg, where he attended the fur sale, and attended to other business matters.

The meeting of the O.O.R.P. called for Monday, January 23, has been cancelled and the agenda will be included in that of the next regular meeting.

The next meeting of the W.A. will be held at the home of Mrs. S. Cole on Tuesday, Jan. 24th, at 3:30 p.m. All ladies of the congregation are invited to attend.

A rink of Wetaskiwin curlers, composed of Messrs. R. W. Manley, H. W. Wright, J. F. Ellis and H. R. French, are representing the local club at the Camrose bonspiel this week.

Mrs. George E. Wiseman received the sad news of the passing of her brother. She had passed away at Edmonton. She went north on the first train to attend the funeral.

Our citizen, Geo. Baylis, of the Massey-Harris, who is located at Wainwright, is reported in the Massey-Harris News among the eleven agents of the company from coast to coast, who have "gone over the top."

The friends of Mr. and Mrs. Dave Baker regret to learn that their son, Earle, underwent an operation for mastoiditis a few days ago. He is convalescing as well as can be expected.

At the nominations held on Thursday last, James Scott was elected by acclamation to fill the vacancy on the council board, and Messrs. A. P. Moan and P. J. Kuester were elected as members of the Sacred Heart Separate school board by acclamation.

The annual meeting given by the Ladies' Curling Club in the Elks' Hall on Tuesday evening was a decided success. There was a large crowd and everybody reported having had a good time. The proceeds will help defray the expenses of the bonspiel to be held next month.

Another deal was made the first of the week when Brody's Limited leased the store formerly occupied by H. G. Smith and Co. This will give them larger and better premises, and Mr. Lawrence, the manager, announces that the capital of the Wetaskiwin branch has been increased, and a large stock is on order and will arrive before the time they move into the new store.

## CHURCH SERVICE FOR CURLING CLUB

The annual church service for the Curling Club will be conducted by their chaplain on Sunday, January 22, at 7:30 p.m., in the United church. The curlers are asked to assemble at the rink at 7 o'clock and go to the church service in a body. The lady curlers are also cordially invited to attend the service.

## Obituary

GEORGE F. CARMEL

Word was received in the city a few days ago that George F. Carmel had died on January 13th, at his home in Seattle, after a prolonged illness. He was one of the early settlers of this district, as he settled here in 1891, and was also one of the pioneer residents of the Millar district. He moved to Seattle with his family in 1917. He spent several weeks here last summer visiting relatives and friends. He leaves to mourn his loss a wife and five sons and one daughter, all of Seattle, and two sisters, namely Mrs. J. W. Herle and Mrs. P. A. Miquelon of Wetaskiwin.

MISS MARY MULLOY

The friends of Miss Mary Mulloy will deeply regret to learn of her death in the Holy Cross Hospital, Calgary, on Monday night, after an illness of about a month with spinal meningitis. She is a sister of Mr. R. R. Mulloy of the Wetaskiwin district and Mr. J. K. Mulloy of Okotoks. The remains will arrive in Wetaskiwin on the three o'clock train today (Thursday) for interment in the family plot in the Wetaskiwin cemetery.

## ENCAMPMENT OFFICERS ARE DULY INSTALLED

The officers of Victor Encampment No. 3, I.O.O.F., were installed on Monday evening by Pat. V. C. French, D.D., G.P., assisted by Pat. E. E. Chandler, G.P. and Pat. G. L. Gethard, P.C.P.

Refreshments were served during the evening, and a social hour was spent. The principal officers for the ensuing year are:

G.P.—Pat. W. H. Cook.  
H.P.—G. H. G. Finch.  
S.W.—Pat. W. A. McAllister.  
Rec. Sec.—R. E. Chandler.  
Fin. Sec.—Pat. E. E. Chandler.  
Treas.—Pat. V. C. French.  
J. W.—Pat. G. Beavo.

## ALBERTA FARMERS NEARING OBJECTIVE

Calgary, Jan. 17.—President H. W. Wood, of the United Farmers of Alberta, said at the guests at the Provincial club's weekly luncheon at the Palliser, said that in the last ten years he had not heard from any person not a member of the U.F.A., a definition of ideals approximating those of the United Farmers of Alberta.

Mr. Wood further said that the U. F. A. was trying to reach the ideal economic state. He admitted that as a class, agriculturists were not economically efficient but they were improving in this respect and were getting closer and closer to their objective year by year. The ideal state for civilization was that based on equitable treatment for every class and for every individual. This state did not obtain but the farmers were making advances and he agreed that urban and rural communities should work together to accomplish this desirable end.

"For several years," Mr. Wood continued, "I have been almost pleading with the citizens of Calgary to send representatives to Edmonton to co-operate with our representatives in securing the best form of government for this province. I do not think that we are doing anything that does not harmonize with the ideals of your club."

## ONE MILLION READERS

Canada has one institution at least that compares favorably with anything of the kind the world over. It is that great weekly paper The Family Herald and Weekly Star of Montreal, with its 72 big pages each week of the very choicest material, and all for one dollar a year. It is marvelous how its editors fill its pages with such interesting and valuable news, stories, farm news, and hundreds of other features that please and delight its great army of readers every week. There are thousands of homes in Canada where that great paper has been a regular visitor from generation to generation. The Family Herald has been a money maker and a money saver to its readers, and one dollar invested in it is the best investment any family can make. It is said to have one million readers in the Dominion.

Mr. Jones: "Didn't you say once that your wife had been the making of you?"

Mr. Meek: "Yes, but only once. George had heard of it, and said it was very unkind and unjust to blame it on her."

## Seven Hundred Dollars in Prizes for Great Bonspiel Starting Here on Thirtieth

Three-Piece Silver Tea Services for Winners of Grand Challenge—Three Other Big Events, The Loggie, Boone and Williamson Competitions—Special Prizes Also for the Grand Aggregate

Arrangements are now well nigh complete for Wetaskiwin's annual bonspiel, which opens Monday, Jan. 30. There is every indication that a goodly number of "outside" rinks will be here and local knights of the besom an' stane will be well represented. The local curling club is dangleing a most attractive collection of prizes for the occasion, there being four big competitions, as well as the Grand Challenge, the Jewellery values mounting up to approximately seven hundred dollars. The main award will be for the Grand Challenge, the prize for the winners being four sets of 3-piece silver tea service. Other events are the Loggie, Boone and Williamson.

The prize list is as follows:

### Grand Challenge

1st prize—4 sets 3-piece Silver Tea Services, value \$120.

2nd prize—4 sets Rogers Stainless Steel Kettles and Forks, value \$60.

3rd prize—4 Cut Glass Berry Bowls, value \$40.

4th prize—4 Wool Car Robes, value \$28.

### Boone Competition

1st prize—4 All Wool Jumbo Knit Sweaters, value \$50.

2nd prize—2 Floor Lamps and 2 Smoking Sets, value \$40.

3rd prize—4 Chamoo vests, value \$25.

4th prize—4 98's Mac's Best Flour, value \$20.

### Primary Loggie Competition

1st prize—4 Silver Cascaroles, value \$55.

2nd prize—4 Silver Pipes and Pouches, value \$32.

3rd prize—4 Silver Flasks, value \$20.

4th prize—4 49's Spillers Bakelite and 4 49's Royal Household Flour, value \$20.

### Secondary Williamson Competition

1st prize—4 Suede Leather Hat Bags.

2nd prize—4 Perfumers, value \$35.

3rd prize—4 All Wool Sweaters, value \$32.

4th prize—4 pairs Auto Chains, value \$32.

### Grand Aggregate—Four Special Prizes

List of Donations

R. N. Snyder (2 floor lamps); Chalmers Hardware (merchandise to value of \$10); Whyte and Orr; Marshall's Ltd. (4 wool sweaters); Montgomery Bros. (merchandise to value of \$10); Enman's Bookstore (merchandise to value of \$8.75); Northern Drug Store (merchandise to value of \$20); H. R. French (merchandise to value of \$20); The Mutual and Wetaskiwin Creamery (cups to fill the Loggie Competition); J. F. Richards (leather hat bags); MacEachern Milling Co. (4 98's Mac's Best Flour); Jos. Schriebls (2 sets Auto Tire Chains);

## SEVERAL DEBT CASES HEARD AT DISTRICT COURT SITTINGS HERE

The regular January sittings of the District Court were held here commencing the 11th inst., with His Honor Judge Lees presiding.

The following cases were disposed of:

### Small Debt

Gold Seal Ltd. vs. Stanley Cafe. This was a claim for some \$45 for order delivered by the plaintiff to the defendant, which the defendant claimed was not up to the standard and for which he refused to settle. Action dismissed with costs. J. P. McCaffrey of Calgary, for the plaintiff; Alex. Knox for the defendant.

Harris vs. Dyberg.—Claim for wages amounting to \$32.85. The defendant admitted owing part of this amount and counterclaimed for \$3 for storage for automobile. Judgment for plaintiff for \$11.50 with costs. Counterclaim dismissed with costs. Alex. Knox for plaintiff. W. H. Odell for the defendant.

### Large Debt

Strohachin vs. Dahms.—Action for damages brought by Herman Strohachin against Walter Dahms arising out of a collision between defendant's automobile and the plaintiff's team and democrat on Court House Avenue, Wetaskiwin, on the night of the 24th of August last. Defendant's Counsel asked to have the case adjourned until the March sittings of the Court, on account of the absence of his client in Puyallup, Washington. Plaintiff's Counsel opposed the application. The Judge

adjudged the case until the 7th of February next at Wetaskiwin and gave the plaintiff the costs of the day to be paid within ten days prior to the 7th prox. In default, the defendant's defence to be struck out. W. H. Odell for plaintiff, Alex. Knox for the defendant.

### Talented Organization to Visit This Town

The Australian Vaudeville Concert Company are meeting with the most gratifying success during their present tour of Western Canada. Success which will, doubtless be repeated when they visit Wetaskiwin on the evening of Monday, Jan. 23. Rarely have the smaller towns such opportunity to hear talent of this kind and it is solely owing to fortuitous circumstances that the present tour was made. This is an opportunity not to be missed, for this talented organization will present an entertainment of vaudeville sketches and Grand Opera selections, concert arrangements, popular and symphonic jazz, all song hits by a charmed soprano. So that this entertainment will appeal to all ages and tastes. Besides the leading soloists of the Australian Band, solos will be rendered by artists of international fame.

### RAT ARMIES SWEEP LONDON AFTER FLOODS

London, Jan. 14.—A plague of rats was sweeping London today in the wake of the flood of last Saturday.

Driven from wharves, warehouses and basements in the low lying parts of the city, small rats, lean rats, tawny rats and branny rats, in families by tens and dozens, scurried about in search of new homes.

Never before has London been so rat-ridden, said William Dalton, official rat catcher, head destroyer and vermine exterminator, who, with a staff of expert pipers is working day and night to drive the invaders from the city.

# MOTORISTS WARNED AGAINST DANGER OF CARBON MONOXIDE POISONING

The season is under way when motorists cannot afford to be indifferent to the dangers of carbon monoxide poisoning, which increase enormously with the coming of cold weather. This warning is sounded by Charles H. Grant, K.C., president of the Alberta Motor Association, who points out that while every season brings knowledge of this danger to car owners, the death toll from monoxide poisoning increases annually.

"Carbon monoxide is a subtle enemy," says Mr. Grant. "It strikes without warning. This gas, which is generated in the combustion process within the automobile engine, is colorless and odorless. But this does not mean that the motorist need be unaware of its presence. He should know that wherever there is an automobile engine running in a small closed space, there is carbon monoxide. In the open these potentially poisonous fumes mix with a greater quantity of air and consequently their effect is not serious."

"The small private garage is the scene of many tragic effects of this poisoning. In the conventional sized garage of this type the engine running three minutes will generate enough carbon monoxide to kill. Because of this the car owner should exercise extraordinary precautions against running the engine with the garage doors closed. Even the warming-up process should be completed in the open air."

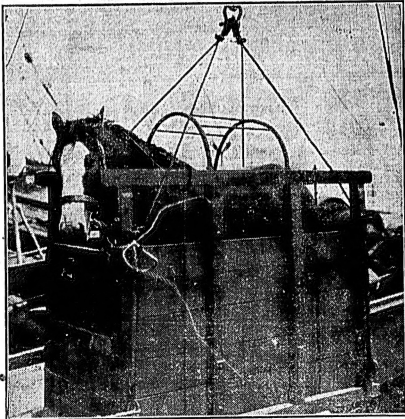

"The person who has been overcome by this poison in some cases may be revived if removed to the open air, and if artificial respiration methods are applied immediately. But this, in most cases, is inadequate. The only certain way to prevent a tragedy is to avoid the slightest contact with this ever-present danger of winter motoring."

## THE SOLID GROWTH OF LOCAL WEEKLY NEWSPAPERS

Charles Clark, of the High River Times, has the following interesting article upon the local newspaper:

"In spite of the fact that the Metropolitan press now reaches into nearly every town and village in the country the local newspaper in Canada is each year getting on a firmer foundation and becoming more and more useful to its home community. It may be said that the day of the

## He Likes the Climate

This is Lord Willington, \$10,000 purebred Clydesdale stallion and only double-prize winner in Scotland last year, who is now visiting in Canada, where he had a special audience before the Governor-General, being pronounced a worthy guest. His Lordship is here giving a demonstration of how horses dislike the process of disembarking. He is being landed by pulley from the hold of the Donaldson freighter Gracia.

metropolitan newspaper is at hand. This is true, but it is equally as true that the day of the local newspaper is here too. The Metropolitan daily with its world-wide news, its comic sheets and its magazine supplements, while of course essential in our modern civilization, cannot take the place of the home newspaper. The very fact that the big city daily must cover a broad field forbids its becoming local in any sense, and it is in the local field where the home newspaper dominates and where it finds its true usefulness. For, after all, it is the home news which is most important to us. We have the greatest interest in the community in which we live, and in the people who are our neighbors and friends. And it is the local newspaper which records the happenings of the folks at home, and in addition fosters the civic pride and progressive spirit of the community. We frequently hear it said that the old-time independent spirit of newspaper is gone, that its editorial policy is now subservient to the business office. Yet this is not true. There is more unselfishness idealism in the average local newspaper than in any other business enterprise. It frequently speaks out in the way which it believes will be for the good of the nation and of the community, regardless of what the consequences may be from a business standpoint. This is more than the average business man will do or can do. Of course the local newspaper is now on a firm business basis. This is why it is improving from year to year, why it is giving its readers a constantly better newspaper, and why it is increasing its influence for agriculture from a home job to a com-

mercial enterprise. Then the war, with its stimulation and deflation, brought to us a sudden realization of the realization of the trends of the previous fifty years.

"It was then realized that this was not a passing and temporary condition, but something fundamental and far reaching. Farmers, business men and government agencies have all been studying the problems. That 25 per cent of the people should receive but 10 per cent of the nation's yearly income is not a comfortable situation nationally, nor at all to be passed over lightly by any group in our population.

There is every evidence that the matter of coal rates is regarded as a national question in the fact that replies have come in from practically every province, from ocean to ocean. To date, twenty-two of the most important cities have unanimously adopted resolutions which call upon the Federal Government for immediate action in dealing with the question. The capital city of the Dominion and the seat of the Federal Parliament stands out noticeably in the list of supporters; the province of Quebec is represented by the City of Montreal and other names. The cities of the maritime provinces are there along with the names of their inland sisters, and the action taken by these cities shows that interest in the coal ques-

tion is not limited by provincial boundaries or by the presence of this natural resource in any particular district. All the cities express the conviction that it is a matter which the government can deal with quickly and effectively, as investigation has shown there were certain miscalculations in the majority report of the Board of Railway Commissioners, which upon correction will allow of a lowering of the present railway rates without loss to the railways, and obviously without the need of a government subsidy."

Canadian coal and its sale in Canada at prices favorable to the consumer, is revealed by the response to its appeal for co-operation by other cities and towns.

There is every evidence that the matter of coal rates is regarded as a national question in the fact that replies have come in from practically every province, from ocean to ocean. To date, twenty-two of the most important cities have unanimously adopted resolutions which call upon the Federal Government for immediate action in dealing with the question.

Canadian coal for Canadians

That the City Council of Edmonton, made no error when it gave support to the campaign favoring prompt intervention by the Federal Government in adjusting railway freight rates for coal, so as to permit the carrying of

# WINS YOU AN AUDIENCE in the Many Homes of Wetaskiwin and District

YOU, MR. MERCHANT, know that it's the "home folks" . . . particularly the housewives who do most of the buying for the home . . . whom you want to reach with your sales message. But don't think for a moment that they're going to come to you for facts and figures.

YOU'VE GOT TO GO TO THEM! "Talking" up your offerings through the only medium the housewife watches closely . . . the advertising columns of

## THE TIMES Wetaskiwin, - Alberta

IT'S THE SUREST WAY of getting an "audience" in the many hundreds of homes in Wetaskiwin and surrounding territory. And to stir that "audience" to buying activity we carry a special illustration service for your free and exclusive use. It gives a "punch" to commercial printing as well. Drop in and let's show it to you. It's a money-getter.

## STUDYING MARKETS IN EUROPE

Farmers and others interested in agriculture in all parts of Canada are members of the Canadian National Railways Farmers' Marketing tour of Europe which is being spread over January and part of February. Of the 68, more than 40 were from Western Canada. This photograph is of a portion of the party which left Winnipeg, and includes Ernest Raper, Victoria, B.C., vice-president of the British Columbia Dairyman's Association; Herbert Scott, district agriculturist of the Alberta Government; Schowick, Alta.; J. Haggerty, Olds, Alta.; Ed. McConnell, Hamiota, Man.; W. J. Pollock and Wm. Guild, of Kenney, Man.; Parker Perry, W. U. McMeacham and J. M. George, Deloraine, Man.; Arthur Fargy, La Riviere, Man.; George Batho, special representative of The Nor-West Farmer, Winnipeg; Robert Johnson, Winnipeg; John Stachan, Canadian National Railways agricultural agent, Winnipeg; and J. S. McGowan, manager of the railways' department of agriculture and colonization. Absent from the photograph because they went in advance of the party, are, among others: Hon. George Langley, former president of the Saskatchewan Grain Growers and member of the Saskatchewan Government; and D. W. Warner, ex-M.P. of Edmonton. Eastern men making the tour include H. S. Arkell, Dominion Livestock Commissioner and Hon. Walter Lee, minister of agriculture, Prince Edward Island. The tourists will visit Denmark as well as England and Scotland.

## PA'S SON-IN-LAW

These concern the use of the prayers of the King, the declaration in connection with kneeling, known as "black rubric," and rules regarding the conservation of bread and wine.

The purpose of the changes is to remove the misapprehensions of which the bishops believe the common rejection was based.

## COULD NOT SLEEP HEART AND NERVES WERE SO BAD

Mr. John B. Norovsky, Humboldt, Sask., writes:—"I suffered with my heart and nerves and was so bad I could not sleep for the distress in my head. My head was in a whirl, and I was so nervous, at times, I did not know what to do."

"I was worried over my work, which was neglected because I could not do it, and this together with the pains made me worse every day."

"I tried all sorts of medicine, but of no avail, so I consulted a physician, but was just as bad as ever."

"Finally I received one of your almanacs and read how

had relieved so many people of the same trouble, so I immediately sent for some, and I was really surprised to see how rapidly I regained my health."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The E. Milburn Co., Limited, Toronto, Ont.

At one time people could get only bulk tea—tea exposed to air—flat flavour—Then came "SALADA"—sealed in metal—full-flavoured—fresh—delicious—dust-free—now people use "SALADA"—in grades—80c to \$1.05 per lb.

## Provincial Weekly News Bulletin

(Issued by Publicity Commissioner, Government of Alberta, Edmonton, Alberta)

**Agricultural Production High in 1927**  
Alberta's agricultural products in the year 1927 reached a total value of \$338,161,458, an average per farm of \$4,885, it was announced by Hon. George Hoadley in addressing the annual dinner of the Alberta Provincial Livestock Breeders' Association in Edmonton on Wednesday. In 1926 the total value of farm products in the province was valued at \$284,000,000 and in 1926 farm products were valued at \$61,884,000.

**Changes Announced in A.P.P. Officers**  
Abolition of the office of Assistant Superintendent, the amalgamation of headquarters and "A" (Edmonton) division, and the creation of a Criminal Investigation Branch, are announced in connection with a readjustment of the personnel of the staff of the Alberta Provincial Police Force.

berta Provincial Police Force. Under the new arrangement, Assistant Superintendent J. D. Nicholson, whose position is being abolished, has resigned and Inspector W. F. W. Hancock of the Peace River District takes command of "A" Division of Edmonton, replacing Inspector J. S. Piper who will become head of the newly created Criminal Investigation Branch. The proposed changes, it is estimated, will effect a considerable economy annually and increase the efficiency of the force.

**To Honor Pioneer Coal Mine Operator**  
Plans are under way in charge of a committee of the Lethbridge Board of Trade to erect a cairn at a date during the coming spring to Nicholas Sheran, father of coal mining in Alberta. Sheran, who came into Southern Alberta as a prospector in 1872, discovered coal near the present site of Lethbridge and soon had a thriving export trade in coal established with Fort Benton and other Montana trading posts. The proposed cairn will be erected by the Historical Sites Commission of Canada.

**Alberta Honey Production Heavy**  
Alberta apiculturists have produced a total of approximately 300,000 pounds of honey in 1927 as compared with some 215,000 pounds in 1926 according to figures recently compiled by the Department of Agriculture. The total value of the 1927 production is placed at \$40,000 as compared with \$35,550 for 1926. Some 200 beekeepers, representing practically all sections of the province, have furnished reports covering 3,450 colonies of bees with an average production for the season of about 90 pounds of honey per colony. For the first time in its history, Alberta is self-supporting in the matter of honey production.

**Royalite Well Sets New High Figure**  
With a total yield of 2,333 barrels of naphtha in the month of December, an average of 666 barrels per day, Royalite No. 4 well in Turner Valley, established a new high record. The total production from this well in 1927 was 217,000 barrels as compared with 205,000 barrels in 1926 and 168,722 in 1925.

#### Marked Building Activities During 1927

Building contracts awarded in Alberta during 1927 total some \$7,507,300 according to a construction summary recently issued by the MacLean Building Reports, Limited. Included in the statement are 508 residential buildings valued at \$3,987,200; 18 industrial buildings valued at \$356,100; 322 business buildings valued at \$3,987,200; and 24 engineering projects with a valuation of \$1,172,800. The report shows a large volume of new construction throughout Canada in 1927 than in any year since 1912.

**Scottish Capital for Western Canada**  
That heavy investments are being made in Western Canada by the Standard Life Assurance Co. of Edinburgh, is stated by Wm. Mackenzie, western branch manager of this firm at Winnipeg who visited Alberta agencies during the past week. Mr. Mackenzie states that some \$6,000,000 will be

## COUGHED SO MUCH HEAD WOULD ACHÉ

## Recreating Old France at Quebec

One of the most colorful and striking functions ever put on in this continent, it was reserved for the old city of Quebec to rediscover herself in the historic ball recently given in the two halls of the Legislative Assembly in the Ancient Capital. Although four hundred years of costume and personalities were covered by the ball, it was the eighteenth century that was most prominently featured and it was mainly French historical characters who were shown. Louis XIV, "le Roi Soleil," was im-

available during the coming year for investments in the prairie provinces and British Columbia.

#### Distinguished Guest Visits Alberta

Alberta during the past week has entertained a distinguished visitor in the person of Right Honorable L. C. M. S. Amery, Secretary of State for the Dominions, who with Mrs. Amery and party, is making a tour of the Empire. Mr. Amery addressed a luncheon of civic officials in Edmonton on Friday and was entertained at dinner by the Provincial Government on Friday evening. In the course of his visit to Calgary on Saturday, Colonel Amery spoke to the Canadian Club and in the evening was the guest of the Ranchmen's Club.

#### NEW NORWAY FARMER FINDS GOLD NUGGET IN HEATING STOVE

When Mrs. J. F. Lundberg, wife of a farmer living on a half-mile east of New Norway, undertook to clean out the grate of her heating stove shortly before Christmas, she did not anticipate for one moment that Santa had left her a substantial Christmas present when he paid the home a preliminary call before the date of his official visit, using the chimney of said heater to gain access to the residence. When this industrious housewife had finished welding the shaker, she peeped inside the stove to make sure that it was thoroughly clean, and lo! and behold, she spied something which gleamed with great brightness draped over the grate. In great excitement she called friend hubby to investigate and the gleaming object was carefully withdrawn from the heater. The sequel to this visit from Santa Claus was told on Monday of this week, when Mr. Lundberg brought the shining piece of metal into Camrose for examination by Mr. Peter Borud, jeweler. Upon examination Mr. Borud proclaimed that it was virgin gold. Yes, sir! 22-carat gold. The nugget weighed a little over 16 pennyweights and Mr. Borud valued it at between \$15 and \$16. He accounted the idea that it might be the remains of a gold watch, brooch or some other article of jewelry, as no trace of alloy could be found. Mr. Lundberg had been burning coal from a mine near Edmonton, using the large lumps for the heater, and he was positive that the gold was enclosed in one of these. Needless to say, all

ashes and clinkers from aforesaid heater will in future receive close scrutiny before being consigned to the family ash heap. The nugget is on display in P. Borud's window.—Canadian.

#### WOLVES IN WILDS OF CALGARY YIELD TO WRECKED HUNTER FROM PEACEFUL CALIFORNIA

Scene: A quiet Philadelphia home. Characters: Husband, reading the paper; wife, listening. Husband: Well, my dear, the snow may be three feet deep here this winter, seventy-five people may have died in blizzards and goodness knows how many have passed on after trying to get cheerful with wood alcohol but we have much to be thankful for. Wife: Yes?

"Look at the picture!"

Husband: You bet! Just look! Here's a picture in this paper of three wolves that were caught in the wilds of Calgary, up in Canada. Gosh, just imagine. I suppose those Canadians can't even leave the back door open for fear the wolves would come right into the kitchen!

Wife: It must be terrible to live in a place like that.

This may sound like the result of a distorted imagination, but The Philadelphia Inquirer of December 15 printed a three column picture showing a man with three animals—alleged wolves—on-leash.

The caption of the picture was: "Has Wild Wolves for Pets."—Captured in "Wilds of Calgary."

## Acids in Stomach Cause Indigestion

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows well.

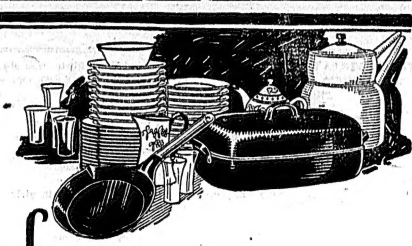

Artificial digestant are not needed in such cases and may do real harm. By laying aside all digestive aids and instead get from any druggist some Epsom's Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Epsom's Magnesia (in powder or tablet form—never liquid or milky) is harmless to the stomach, is inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

## ATTENTION, PLEASE!

WE HAVE ON OUR BOOKS MANY SUBSCRIBERS WHO ARE IN ARREARS, SOME OF THEM FOR SEVERAL YEARS. The Times has been very lenient with its subscribers, and we consider it only fair that those we have carried on our books for so long should pay up their arrearage this fall. A good profitable crop is being harvested, and money will be freely circulated during the next few months. LET THE LOCAL NEWSPAPER MAN HAVE HIS JUST DUES. He has earned it.

Statements of account will be sent out shortly to all who are in arrears, but why wait for a "dinner?" PAY UP NOW and save us the bother and expense of rendering accounts. We are but asking you to pay WHAT YOU OWE.

## Now, Come Across, Please

No trouble to you to find out what you owe and still less trouble to pay it.

## THE WETASKIWIN TIMES

# THE ALBERTA BRONZE TURKEY ASSOCIATION "RECORD OF MERIT"

The above Association has been formed under the auspices of the Dominion poultry branch, for the purpose of improving the turkey flocks of Alberta.

Many flocks have been inspected throughout the province, and where birds of sufficient merit were found, bands of special design and numbered have been placed upon them. The band constitutes official identification of pure-bred birds, of standard weight, good conformation and perfect health. This is the first step which has been taken to officially identify first-class school assembly hall, etc., were brought forward.

Mr. Blake, the government inspector reports that there are only a few flocks in the province eligible for handling. Many thousands of dollars are lost every year in raising undersized birds for market. Mr. J. H.

Hodson, of Wetaskiwin, was elected a director of the Association and will be glad to give any information within his power to all interested turkey raisers.

## WOMEN'S INSTITUTE GIRLS HOLD SUCCESSFUL MEETING

The Women's Institute girls met in the W.I. rooms Tuesday, Jan. 9. The president occupied the chair. After the usual opening exercises were completed, plans for a toboggan party were discussed. Lauretta Vickers read a paper on "Education and Better Schools," in which such suggestions as High School, a separate building, a school assembly hall, etc., were brought forward.

The next meeting is Jan. 24, at 8 o'clock. Mrs. Macgregor Smith will be the speaker and all members are requested to be present.

The stringed instrument orchestra report progress and expect to be ready to make their debut at the Old Time concert in March.

Look at the label on your paper.

## ANNUAL MEETING OF SCANDINAVIAN HOSPITAL AID SOCIETY

The Scandinavian Hospital Aid Society held their annual meeting at the home of Mrs. Breckonberg on Tuesday, Jan. 9. After the regular business was disposed of the financial report for 1927 was read by the treasurer as follows:

Receipts—Cash on hand, 1927, \$103.10; social receipts, \$37.79; tea and food sale, \$23.35; membership ship fees, \$10.00. Total, \$183.21. Expenditures—For hospital, \$32.70; charity, \$24.85; wreath, \$5.00; gifts, \$10.00; miscellaneous, \$1.54. Total expenditures, \$84.09.

The following officers were re-elected for 1928:

President—Mrs. Carlson.  
Vice-president—Mrs. Postvold.  
Secretary—Mrs. Bergen.  
Treasurer—Mrs. Atkinson.

## WOMEN'S INSTITUTE NEWS

The Wetaskiwin Women's Institute Advisory Board, at a meeting on Thursday last, drafted the following program, making the convenors of standing committees responsible for the meetings dealing with their respective subjects:

January—Publicity, arranged by Mrs. H. J. Montgomery, convener.  
February—Education and Better Schools, arranged by Mrs. A. R. Dickson, convener.  
March—Agriculture, arranged by Mrs. Herbert Millar, convener.  
April—Canadianization and National Events, arranged by Mrs. John Arnold, convener.  
June—Report of annual convention.  
September—Legislation, arranged by Mrs. E. B. Switzer, convener.  
October—Child Welfare and Public Health, arranged by Mrs. H. E. Chalmers, convener.  
November—Annual meeting and election of officers.

Wednesday, March 21st, is the date set for the annual Women's Institute concert.

The regular meeting of the Wetaskiwin Women's Institute will be held in the club room, Pearce street, on Thursday, January 26, at 8 p.m. The subject will be "Our Indians, their legends and history," by Rev. Fr. Monin, Hobbema. Music—Piano solo, Everett Lyle; mandolin solo, Mr. Taylor; vocal solo, Hazel Hansen; violin

## WHY BE SNOWED IN?

### READ THIS

Reprinted from Front Page Calgary Herald, Jan. 10th, 1928)

## EAST TRAILS ARE CLEARED OF SNOW BY GIANT PLOW

Road to Langdon Now Back To Gravel, Fit for All Traffic

SUMMER EQUIPMENT USEFUL IN WINTER

Experiment Shows That Machine Can Clear 20 Miles Per Day

Excellent progress has been made in connection with the experiment of the Shepard municipality to clear the roads of snow and ice east of Calgary. The road from Calgary to Langdon has been cleared to the gravel and is available for all kinds of traffic.

On Tuesday the road from Langdon south to Dalmead was being cleared and the plan is to clear the road from Langdon north to two miles north of the Chestermere highway on Wednesday. From that point the road will be cleared back into Calgary two miles north of the highway.

**Two-Mile Detour**  
Interviewed by The Herald on Tuesday, W. Hinde, secretary-treasurer of the Shepard municipal district, declared that the Chestermere highway was in such a bad condition that this route had been planned to give a two-mile detour north. It would be a waste of time at present to attempt to clear the main highway.

The outstanding feature of the experiment, according to Mr. Hinde, is that it has proven that the tractors and CATERPILLARS owned by the municipalities and used for grading work in the summer may be converted at reasonable cost and used in the winter for clearing the snow off the roads. Mr. Hinde informed The Herald that the estimated cost of equipping the CATERPILLAR with a snow plow and a cabin over the driver's seat would be about \$1,870. The work of equipping the machine was done by the Riverside Iron Works.

According to Mr. Hinde a machine thus converted has a capacity for the clearing of about 20 miles of road per day immediately after a snowstorm. The present test proves that about 10 miles can be cleared per day when a heavy shooting of ice and snow covers the road.

The machine is so powerful that it throws a wall of ice and snow about five feet high on each side of the road. In many places the snow has to be taken off by the plow in slices, as it were, but immediately after a snowstorm, the whole layer could be taken off at once.

**Road Through Fields**  
In places which are considered impassable, it has been found necessary to make new temporary trails through the fields. This the machine accomplishes without difficulty, leading back to the road when the bad spot has been passed.

Mr. Hinde informed The Herald that the experiment has proven successful in every way and declared that with this equipment the road problem in the winter, so far as Shepard is concerned at least, has been solved.

## 20,000 BUSHELS OF WHEAT SPILL OUT

Mundare, Jan. 13.—Twenty thousand bushels of wheat are lying exposed to the weather here today. The D. R. Davis frame building, an annex to the elevator, collapsed late yesterday, spilling the entire contents over the ground and siding. The iron supports were wrenched from their attachments and one end of the building was completely separated from its place, falling to the ground. The sides were warped and the roof collapsed on top of the spilled wheat. The building housing the scales was also pulled from its connection to the main elevator and the scales put out of commission. Fortunately there were no workmen in the building at the time.

Through the co-operation of C.N.R. officials fifteen cars were rushed to Mundare during the night and the grain is being salvaged. Reconstruction will begin as soon as the debris is removed.

It is thought that the trouble originated in the low foundation which was built upon low ground.

## EDMONTON MAKES PROVISION FOR CRIPPLED KIDDIES

Edmonton, Jan. 17.—The new Orphanage ward at the University Hospital was officially declared open at 8 p.m. Monday by His Honor Lieutenant Governor Dr. William Egbert.

The ward, which was built at a cost of approximately \$10,000, nearly all of which was raised by the school children of Edmonton and district, is for crippled children up to 18 years of age and for those children whose parents are unable to pay for treatment in any of the other institutions in the city. It is fully equipped with the latest appliances and has a bed capacity of 32. It is now full and there are 18 on the waiting list.

D. M. Duggan, for many years a prominent Red Cross Society official, and chairman of the hospital building committee, spoke, and after the official declaration of opening, refreshments were served.

## ALBERTA HORSE BREEDERS' HOLD ANNUAL MEETING

Edmonton, Jan. 13.—J. Lambert of St. Albert was elected president of the Alberta Horse Breeders' Association at the annual meeting of that organization held Thursday afternoon at the council chambers of the Civic Block.

Horses were holding their own on the farms of Western Canada, but were not making any gain and seem to be threatened by the increasing number of small tractors and motor trucks, according to J. G. Robertson, livestock commissioner for Saskatchewan, in an address before the association in the city council chamber Thursday morning. Despite this a shortage is threatened.

Some of the literature and advertising being used by the tractor companies was exhibited and the speaker

suggested that various horse breeding organizations of the west join with interests revolving around the horse and do some real advertising on their own. He maintained that the horse had many advantages over gasoline machinery in many places where short hauls and farming were involved. There are 2,270,361 horses in the three prairie provinces, 1,161,537 of which are in Saskatchewan, 763,603 in crease in Canada if anything.

Alberta and 346,431 in Manitoba. He quoted figures to show that the sale of small tractors and motor trucks took a decidedly big jump last year and dealers were ordering with another big season in view this year. While the right kind of horses were bringing money now, and the right kind most always have, he continued, the horse population was showing a decrease in Canada if anything.

## Backache—Rheumatism

For over 30 years Minard's Liniment has been a household word in thousands of homes all over Canada. It quickly relieves rheumatism, backache, neuralgia, sciatica, sprains or bruises and pain of any kind. None give better satisfaction. Make it your own. It is the only liniment that does better work than any other in the treatment of backache, rheumatism, and sore throat.

## Listen!

Have you heard about Peps? It is a scientific preparation put up in capsule form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. While no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and healing commences.

**FREE TRIAL** Cut out this coupon, fill in name and date of this paper, and mail it (with 10c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 25c box.

**Peps**

ALBERTA WILL GAIN  
CONTROL SPRAY LAKES

Ottawa, Jan. 14.—A matter which has been of long standing and a rather prolific source of difference is in process of adjustment as a result of conferences between Hon. Charles Stewart and Premier Brownlee of Alberta. It concerns the Spray Lakes, the valuable power site near Calgary in the national park. The province of Alberta now has every prospect of getting control of those powers.

On several occasions, the provincial government sought the Spray Lakes but the position taken here was that, if the Alberta ministry desired the

power rights for its own purpose of development, it could have them; if, however, it simply sought possession to hand over to other interests, the situation would be different. The dominion would then retain control.

Following the survey last summer of the parks in Alberta, there will be legislation this session defining the boundaries. In that connection, Hon. Charles Stewart announced the other day that it is proposed to exclude certain villages and coal areas from the parks and yesterday he supplemented this statement by saying that Spray Lakes would also be excluded.

"This," said the minister, "means that, when Alberta's resources are re-

turned, the Spray Lakes will automatically pass to the control of the province."

Premier Brownlee and Mr. Stewart have had conferences on the subject. With regard to the resources generally it is believed that there is a good prospect of facilitating the legal determination as to permit of legislation on the subject this session.

RECORD GRAIN MOVEMENT  
FROM CALGARY SUNDAY

Winnipeg, Jan. 17.—A record in grain haulage west from Calgary over Canadian Pacific lines was established Sunday when over 400 cars were in transit to Vancouver. This record haul started Saturday from Calgary and the peak was reached when the grain passed west from Field, B.C. Grain shipments from Vancouver by boat for Saturday also jumped to 806, 424 bushels.

Marketings over Canadian Pacific lines for Saturday amounted to 874, 514 bushels, the count each day keeping about 100,000 bushels above the corresponding days of last year. Car loadings amounted to 700 cars, or an increase of 231 cars over last year.

The situation at Vancouver and the head of the Great Lakes remains steady with storage at the head of the lakes at 49,102,000 bushels and at Vancouver 4,660,674 bushels. For the day 1192 cars were in transit west from Winnipeg to Vancouver and east 356 cars. Nearly 370 cars were delivered at Fort William and 338 unloaded.

CANADA'S DRINK BILL  
MILLION A WEEK

Toronto, Jan. 14.—A special dispatch from Ottawa to the Globe says: "Canada is spending a million dollars a week on alcoholic beverages. The domestic production of whiskey, gin, beer and other strong drink amounts to \$40,000,000 per annum. We have imported during the last twelve months another \$40,000,000 worth and exported to the United States and other countries \$26,000,000 worth. This leaves \$54,000,000 worth of liquor to quench the Canadian thirst, not counting the home brew and the moonshine, which are such strong competitors of the government shops."

"Canadian imports of alcoholic beverages increased at a rate exceeding a million dollars a month in 1927, as compared with 1926. In the month of November alone, we brought into the country 45,478,268 worth of brandy, gin, whiskey and wine. In the last twelve months our imports exceeded \$40,000,000 as against less than \$28,000,000 during the preceding year. Every month of 1927 showed larger purchases of liquor from abroad, mostly from the United Kingdom."

**CONSERVATIVE CONVENTION  
IN EACH WESTERN PROVINCE  
ANNUALLY BENNETT'S PLAN**

Winnipeg, Jan. 10.—When Hon. R. B. Bennett left for Ottawa this morning he concluded 48 hours of almost incessant activities among Manitoba Conservatives. No public address was included in the Conservative leader's engagements. In the first argument this feature was deferred to Saturday. At the last minute the third day's work had to be cancelled by a hurry call from the east.

Not only did prominent workers and supporters from all parts of the province meet their leader in the several conferences, but at the public reception Friday night among the thousands who shook hands with the guest of honor were many citizens of opposite political faith. It was the sincere tribute of citizens generally to the worth of a western statesman regardless of partisan consideration.

A feature of Mr. Bennett's conference in both Saskatchewan and Manitoba, it is announced, is the close linking up of the federal and provincial organizations. To this end there will be according to the new leader's plans already worked out, be an annual con-

vention in each western province in which both provincial and federal leaders of those provinces will consult and unite.

**RED CROSS SEEKS INFORMATION  
RE THE BLIND IN ALBERTA**

A request has been received by this paper from the Red Cross Society, 408 Civic Building, Edmonton, that we obtain for them the names and postal addresses of all those in our district who have the misfortune to be blind.

The statistics thus obtained are for the use of the Society of the Blind, who hope to get in touch with all blind people in the province. We shall be very glad to co-operate with both the Red Cross and the Society for the Blind, and trust that our readers will make an effort to do their part also.

The Red Cross asks that anyone knowing the name of a blind man, woman, or child living in Alberta (not ex-soldier) should report the same to their headquarters at 408 Civic Building, Edmonton. Kindly assist the efforts of these societies by giving the matter your immediate attention, and it is hoped that all names and addresses will be written in a clear handwriting, preferably in printed letters.

**WESTERN FARMERS  
RECEIVE INTERIM  
PAYMENT ON GRAIN**

Winnipeg, Jan. 16.—An interim payment of 15 cents per bushel on all grades of barley and rye and 10 cents per bushel on all grades of oats, except a small number of lower grades, is being paid today by the coarse grain pools of Manitoba and Saskatchewan.

In announcing the payment, D. B. Ramsay, manager and secretary of the Central Selling Agency, states the volume of coarse grains handled by the pools so far is considered very satisfactory.

Today's payment is the third on oats. The cash payment was 34 cents per bushel, followed shortly by an interim payment of six cents.

Payments to date for oats total 50 cents per bushel; for barley 65 cents and for rye 85 cents.

No interim payment on flax is being made at present.

**SEVEN HUNDRED TAKE  
PART IN BIG RE-UNION**

Brasied buffalo meat and pemmican, together with all the vices of a modern feast Thursday night precluded a series of toasts at the Northern Alberta Old-Timers' Association banquet, in which the sterling woman pioneers of this district and Hon. Frank Oliver, pioneer newspaperman of the province, were warmly praised for the great influence they had exerted on this generation.

Early in the evening old timers began to flock to the Macdonald hotel and by 7 o'clock, when the banquet started, the situation had almost reached the standing-room point. Fortunately were those who stood in line a long time and secured seats near enough to the speakers to hear all. The talks were brief but interesting and the dancers were at their best. James H. Sutherland, of Namsco, made a delightful chairman and left no gaps in the program. As a tribute to the days when the dairy milk was secured by hunting through the bush for the family cow, the good old cow bell was used to replace the gavel and it was very effective. Many times the bell had to ring as violently as it did when the heel files and "bulldozers" used to chase Old Bossy through the bush.

When the dancing started, the Old Timers had done every dance of the early days at their disposal and showed more pep than modern dancers who can "do their stuff on a dime," and without physical exertion.

**A MARVELLOUS CAMERA**

Another triumph of modern photography is seen in a new camera, which records the flow of air currents set in motion by the engine of an airplane. The invention is based on the fact that heated air reflects rays of light.

The new camera, devised by Baron T. Shiba of Japan, head of the Tokyo aeronautical research institute, is a very complicated piece of apparatus, containing 120 mirrors, and records 20,000 exposures a second. When reproduced on a screen as a slow motion picture the most amazing results are secured.

In one of his experiments the Baron photographed an electric light bulb being shattered by pistol bullet. The bullet appeared to float slowly toward the bulb, gently touching it as the fragments leisurely broke apart. Such experiments are not new, but the results secured with this latest camera are said to exceed anything of the kind heretofore attained.

Taking pictures of air currents is getting photography to a pretty fine focus. Maybe some day, as has been already suggested, they will be able to photograph our very thoughts. For the comfort of the people generally it would be well if the last mentioned achievements were indefinitely postponed.

**SETTLER'S WIFE MOST IM-  
PORTANT SAYS COL. AMERY**

Edmonton, Jan. 14.—"Migration is a purely human business. We study statistics but at the bottom of it all is the individual case," said the Hon. L. C. Amery, addressing the Women's Canadian Club here Friday afternoon. "There are many aspects to consider," he said. "It is a big thing for a family to pull up stakes and leave familiar surroundings to start anew in a strange country. Some of the spirit which characterized the old-timers is needed in every family leaving known comforts and setting out to carve life anew for themselves. Often the heads of families realize that they are not going to be much better off themselves but they feel that they are going to give their children a chance."

The main object of Great Britain, said Col. Amery, is to co-operate with Canada and help build up Canada. This mother country aims to send out men and women who temperamentally and physically are able to make a success in the country.

"I am convinced that the settler's wife is the most important part of the combination. If she is to show the right spirit, it will pull the man through. It is an unenviable, no, compared to make the sacrifice, in many cases, a promising settler will throw up the enterprise when he has laid the foundation of success and drift back to the cities, thereby adding to the unemployment situation. The settler's wife plays a big part in making the undertaking a success."

**Here and There**

Evidence of reconstruction work in Yokohama is seen through the fact that a five storyed steel and reinforced concrete hotel was officially opened recently. The building, known as the Hotel New Grand, is of fireproof and earthquake-proof construction and is modelled after the style of the best Canadian hotels.

Toronto.—The Province of Ontario is at the close of the greatest gold producing year in its history, according to officials of the Department of Mines, who forecast an increase in gold production this year of \$2,000,000 as compared with last year's output. In addition, the total mineral production is expected to be more than \$91,000,000—a gain of \$9,000,000 over 1926.

Halifax.—Boys' and Girls' Swine Clubs are well established here. Calf Feeding Clubs are also on the increase and it is expected that in 1928 the latter will attain the same number in the province as the former. Egg marketing circles are also being organized and much good work is already reported. These should prove a valuable aid to the poultry industry.

Preparations for the Banff Winter Carnival, to be held February 4-11, are well under way. Canadian mushers are training and intend to make a strong effort to bring back to Canada the "Strongheart" Trophy which was carried to the United States by Warren Condingly, of Ashton, Idaho. It is anticipated that there will be several teams from the United States competing again this year.

Saint John.—An epoch in the transportation of cargo between Canada and the United Kingdom was feted here recently when W. R. Milburn, a correspondent in charge of traffic of the Canadian Pacific Railway; W. A. Wainwright, assistant to the chairman, with other officials of the railway, inspected the C. P. fast cargo liner "Beaverburn," which recently docked here, completing her maiden voyage.

According to a report covering the activities of the past year of the Canada Colonization Association, a subsidiary of the Canadian Pacific Railway, 626 families, consisting of 3,443 persons, were settled on 162,982 acres of land by the association. The value of these transactions is in excess of \$600,000. Nearly 800,000 acres of land are ready for settlement and prospects for the current year are very bright.

Vancouver.—In an address before the Board of Trade upon the services rendered the Dominion by the late Sir William Van Horne, founder of the city of Vancouver and president of the Canadian Pacific Railway, C. A. Cotterell, general superintendent of the railway's British Columbia district, said: "The Canadian Pacific Railway is the largest taxpayer and the largest purchaser in the province; it spent last year \$20,750,000 in stores and supplies, taxes, wages, etc."

**MEDICINE HAT HONORS  
MEMORY OF FORMER  
SPEAKER, LEGISLATURE**

Medicine Hat, Jan. 14.—Thousands of citizens from all walks of life, representing every shade of political opinion and public organization, turned out to pay their last respects at the funeral of the late C. S. Phiglo, M.L.A. and former Speaker of the Provincial House, yesterday afternoon. Stores and offices in the city were closed for an hour and a half and all civic activity was stopped. More than 80 autos carried the mourners to the cemetery and hundreds of people unable to secure accommodation were unable to proceed that far, but nevertheless followed the remains of their friend as far as Division avenue from whence the cars started.

**WATCH YOURSELF GO BY**

Just stand aside and watch yourself go by; Think of yourself as "he" instead of "I". Note, closely, as another man you note, The bag-kneed trousers and the steady coat; Pick flaws; find fault; forget the man is you. And strive to make your estimate ring true; Confront yourself and look you in the eye— Just stand aside and watch yourself go by.

Interpret all your motives just as though You looked on one whose aims you did not know. Let undisguised contempt surge through you when You see you shrink, O commonest of men. Despite your cowardice; condemn whatever You note of falseness in you anywhere. Defend not one defect that shames your eyes. Just stand aside and watch yourself go by.

And then, with eyes unveiled to what you look on, To sins with that sweet charity you'd clothe. Back to your self-walled tenement you'll go. With tolerance for all who dwell below. The faults of others then will dwindle and shrink, Love's chain grow stronger by one mighty link. When you with "he" as substitute for "I", Have stood aside and watched yourself go by. —By Strickland Gilliam.

**Liver Trouble****Was So Distressed  
Had To Stop Work**

Mrs. H. Dowd, Luskville, Que., writes:—"I have been troubled for years with liver trouble, and was often so distressed I had to stop working. 'I heard of Milburn's Lax-Liver Pills, from a friend who had used them, so I resolved I would give them a trial. 'My trouble entirely passed away and I am now enjoying perfect health.'"

Milburn's LAX-LIVER PILLS

live up the liver and make it resume its proper functions by removing the bile that is circulating in the blood and poisoning the system. Price 25c. a trial at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto.

## A European Tour

(By F. E. Kerr, B.A., Peterborough)

From Aberfoyle we went by train to Edinburgh. On the way we passed Stirling Castle and Wallace's Monument, and crossed the remarkable Forth bridge. Edinburgh pleased us greatly. It is the very centre of the history, education, legislation, and romance of Scotland. How could we help but be thrilled when we stood on the exact spot where Jenny Geddes threw the three-legged stool at the head of the clergyman who was trying to conduct, by order of Charles I., an ecclesiastical service in St. Giles' Presbyterian church? This was the church or cathedral where John Knox preached and denounced with vehemence the faith and seeming inconsistencies of Mary, Queen of Scots. On Castle Rock, 483 feet high, is built Edinburgh Castle. The view from it is grand. The stronghold was almost impregnable a few centuries ago. The last time it was besieged successfully was in the reign of Edward I. When the resourceful Scots climbed the rocks and retook it from the English. It was in this castle that James VI., son of Mary, Queen of Scots, was born. We were in the room and looked out of the window where she lowered her son by means of a rope and basket to friends below in order that he might be baptised as a Roman Catholic. John Knox's house on High Street is still a great resort for tourists. Near here our company had the pleasure of seeing the Queen, who was out on a shopping expedition like anyone else. We sang the chorus of "The Maple Leaf Forever" and received a smile of recognition. The incident was commented upon in the Edinburgh papers the next day. Princes Street, named after two sons of George III., deserves to be called one of the beautiful streets of the world. On one side are good stores; on the other side is a beautiful park. One novelty that attracted our attention was a clock made of flowers; it was keeping time but I do not understand its mechanism. Scotland's magnificent monument also stands along Princes Street. Strange to say, the chief industry of Edinburgh is brewing, which seems a sort of anti-climax to a beautiful story.

From Edinburgh we travelled by rail to London. On the way we saw, a distance off, the stately Durham and

To describe London seems an impossible task. All a person can do is to give a few general impressions. London is the greatest city in the world. It is the heart or centre of the greatest empire the world has ever seen. It contains more Irishmen than Dublin, more Scotchmen than Edinburgh, and more Jews than Jerusalem. It is a province covered with houses. In Paris I went up into the Eiffel Tower, over 900 feet high, and from there got a view of the city as a whole. There is no such point of vantage in London. London is greater than two cities of the size of Paris. An adequate idea of its great size cannot be imagined. The crowds and the continual flow of all sorts of conveyances are the first things that impress the stranger. Yet everything seems so orderly. There seems to be no unseemly rush, I saw no accidents in London but I saw several in Paris. English people impress me as being steady, reliable and cool-headed. There is a peculiar sensation of strength and stability about the city which is difficult to explain. These of our company who shopped in London had excellent satisfaction. The goods were very satisfactory, the prices quite fair, and the service left nothing to be desired. These conditions did not prevail to the same extent in the cities on the continent.

English streets have a peculiar fashion of curving and winding about in different directions. They frequently change their names too. This makes a stranger timid about finding his way about. One American told me that he got lost just after a block from his hotel. He was in his room and that may partly explain his confusion. The dense traffic above ground is relieved by underground railways and the so-called tubes. The latter are tunnels, deep down, through which electric trains travel at terrific speed. These will get you to your destination rapidly, but the best way to see the city is from the upper deck of a tram-car or bus.

We were taken to St. Paul's Cathedral and Westminster Abbey. These and others we visited, as St. Gude in Belgium, Notre Dame and Magdalen in Paris, impresses one as being so dingy and gloomy. Our churches are bright but these are not. St. Paul's bright but these are not. Each one has something distinctive about it. St. Paul's is noted for its wonderful dome. Westminster Abbey was for centuries the national burying ground. The kings are not now being buried there. To appreciate this wonderful building a person must know his history. In one section are statues of great legislators, as Gladstone, Disraeli, Peel and others; in another, the poets are honored; in a third, great musicians as Handel and others receive their just tributes. One could not enumerate all the things of interest. The choir in which the kings are crowned occupies a hidden corner. The whole atmosphere is filled with the history and traditions of England. Joined to it, but not actually part of it, is the famous building where Simon de Montfort held the first English parliament. The thing that impressed me most about Notre Dame Cathedral was the beautiful windows. The colour were taken out, the various parts were numbered and packed away for safe keeping. The Cathedral of St. Gude has probably the most beautiful interior. The Church of the Magdalen has no windows in the walls but light is admitted through the roof. In Paris the Church of the Sacred Heart is still in process of building. It is in Byzantine style and is a marvellous structure. Here is a chapel designed by a Mr. Marshall of Brandon and paid for by Canadian contributions. The church was commenced forty years ago and we were told will require about twenty more to complete. I often wondered how these cathedrals were seated. The seats are plain, ordinary chairs that can be readily removed if occasion requires it.

You would not be ashamed of your stationery if it had been printed at the Times office

## MILLET LOCAL NEWS

Mr. Harry Stuart spent the week-end in Calgary.

Mr. Dick Yee was an Edmonton visitor on Tuesday.

Mr. J. Gohn has been confined to his home for a few days this week through illness.

Mrs. C. A. Kent, Miss Lilian Parlee and Mr. and Mrs. Graham were Tuesday visitors to Edmonton.

Do not fail to see "The Eyes of Love," Playon's hall, Friday evening, January 20, presented by the Wetaskiwin Players.

Mr. and Mrs. Mantl, with their two daughters, returned on Saturday morning from a visit of several weeks in Winnipeg and other points in Manitoba.

Bishop Gray is expected to be present for Confirmation services under the auspices of the Church of England on Sunday, Jan. 22, at 11 a.m. Everybody welcome to attend this service.

The following are attending the U.F.A. convention in Calgary this week: Mr. and Mrs. E. R. Hoskins, Mr. H. C. Young, Mr. Howard Marr, Mr. T. K. Rogne, Mrs. F. Higginson and Mrs. W. Ross.

The warehouse being erected next the Community Hall is being rushed through and is presenting quite a finished appearance. The signs will soon be up and its purpose in detail will be known.

The warehouse and office of the International Harvester Company, which was destroyed by fire last October, is being rebuilt by Mr. James E. Schaff, local agent, and is rapidly nearing completion.

Work has begun on the new site for the Garage, on the West side of Main street, south of the Community Hall. It is understood that this will be about 60x80, and of solid brick, heated and modernly equipped.

Darkness no longer reigns at the C.P.R. depot on the arrival of trains, as an electric light system has been installed. All things come to those who wait and the improvement is much appreciated by the whole community.

Word was received by Mr. L. P. Wright, of the death of his brother-in-law, Mr. George Carmel at Seattle, Wash., on Friday morning of last week. Mr. Carmel visited here last summer and is well known in the district.

Graham's Pharmacy will move, about the end of the month, into the store building next to the Wellington Cafe, where they expect to have better arrangements for carrying on their drug and stationery business, until a new store is ready in a few months.

The annual meeting of the congregation of the Millet United Church will be held on Sunday, January 29, at the hour of regular service. It is to be hoped there will be a good attendance by all those interested, as matters of congregational interest will be discussed.

A very pleasant evening was spent at the court whist party given by the local Curling Club in the Arlington Hotel last Friday. Mrs. Cohen and Mr. Harry Stuart were the winners of the first prizes, and Mrs. E. E. Wright and Mr. W. S. Scott had to be content with the consolation offerings. A splendid luncheon was served, which ended a very enjoyable occasion.

**MILLET UNITED CHURCH**

**ST. NORBERT'S CATHOLIC**  
Rev. Father McClellan, Parish Priest  
Mass and Catechism classes every second Sunday.

## THINK IT OVER!

This is true greatness to serve unnoticed and to work unseen.

## MILLET W.I. HOLD MEETING

A very pleasant hour was spent on Wednesday afternoon, Jan. 11, at the home of Mrs. V. Rowley, the occasion being the regular meeting of the Millet W.I. 22 ladies being present. The roll call was answered with New Year resolutions. It was decided to again hold a baby clinic during the coming summer. Mrs. V. Rowley gave some nice selections of music, and Mrs. T. Howes read Bird's Christmas Carol. A most delicious lunch was served by the hostesses, assisted by Mrs. T. K. Rogne and Mrs. Carl Rodney.

The next meeting will be held at the home of Mrs. A. Dowler on February 8.

## HILLSIDE

(Intended for last week)

Mr. and Mrs. Bishop of Edmonton, returned home on Friday, after spending the New Year holiday with the latter's sister, Mrs. Leslie Swartz.

M. H. Hemphill was a business visitor to Edmonton Monday.

Mr. and Mrs. E. R. Hoskins are the delegates from W.F.A. and U.F.W.A. locals to attend the convention in Calgary next week.

Rev. Macdonald was a visitor in the district Tuesday and Wednesday.

Mr. L. E. Marr was a visitor to Edmonton Tuesday.

In glancing over the Canadian Record of Performance for Purebred Dairy Cattle for 1927, we are pleased to note that this district stands out fairly prominent. Mr. L. E. Marr, who has always a fine lot of milking Shorthorns on hand, qualifying with six head. Another one we may mention is J. O. Harvey, with one cow Gladys, 200699. This animal, in the two-year-old class, gave 6,495 lbs. of milk and 307 lbs. of butterfat. Her milk production for 1927 as a three-year-old is 10,544 lbs. As the butterfat is determined by Ottawa, we cannot give any official account, but we understand it is very high. Gladys, who is fresh again, and from all accounts will be out to break the record in her class, is producing about 90 to 60 lbs. of milk daily. Mr. Harvey has already refused two very tempting offers for the cow.

Mrs. J. O. Harvey is holidaying in Edmonton.

Mrs. Frank Leader, who has been visiting friends near Wetaskiwin returned home Saturday.

Miss Foster returned from her holidays on Saturday.

School re-opened Monday with a full attendance.

Get your commercial printing done at The Times Office.

## MILLET LOCAL NEWS

Miss Barbara Forbes was a visitor to the city on Tuesday.

Mr. and Mrs. J. West were visitors to the metropolis last Thursday.

Grain is being hauled in these days by many farmers who are taking advantage of the good roads.

Dr. Simpson of Lacombe, expects to open an office for the practice of medicine in the U.F.A. building at an early date.

Nominations for Mayor and Councilors of the village of Millet will take place at the ratepayers' meeting, in Playon's hall, Monday, February 6, at 8 p.m. A new group of officers will be necessary as the former officers are retiring.

The fishing industry carried on at Pigeon Lake during the winter has been brought to a close, the government limit of 150,000 pounds having been taken out and shipped. The total shipment, with the exception of one carload which went to Chicago, was consigned to New York. The Associated Fisheries and the Johnston Fisheries, two Edmonton firms, handled the business this year.

Not long ago two Detroit gunmen, who had come to Canada carrying guns were sentenced to the penitentiary for three years because of this offence. Better this than waiting until they had used their guns.

MORE HEAVY LOADS

Last week, one of the dray teams of

L. G. Kelley beat the record for haul-

ing heavy loads. Mr. Kelley is reported

to have made recently. This team

hauled 16,550 pounds of nails from

the freight siding to the store of H.

B. Chalmers. The same team hauled

20,750 pounds of wire in two loads

from the car to the same place.

SPECIAL  
NOTICES

\*\*\*W. C. Fields and Chester Conklin, the famous comedy duo, will be seen at the Theatre on Friday and Saturday of this week, in their latest sensation "Two Flaming Youths." Do not miss seeing them.

\*\*\*A dance will be held in the Crooked Lake Hall, seven miles north and one mile east of the court house on Friday evening, Jan. 20th. Music by Jack Hurrell and His Twinklers.

\*\*\*Members of the Australian National Band will give a vaudeville concert in the Angus Theatre on Friday, Jan. 23. This will be one of the musical events of the season. Reserved seats are now selling at the Northern Drug Store.

\*\*\*A dance will be held in the Angus Ridge Community Hall on Friday evening, Jan. 20th. Music furnished by Ponoka orchestra. Good eats and a good time.

\*\*\*Marion Davis in "The Fair Co-Ed," a campus romance, will be seen at the Theatre on Tuesday only, Jan. 24th.

\*\*\*Next Wednesday evening, Jan. 25th, Holyroyd's Harmonizers Dance Orchestra is holding a dance in the Elks' Hall, Wetaskiwin, and the event is being looked forward to by local dancers. This orchestra, which is composed of solo musicians, has made a hit wherever it has played, and the snappy style of playing is sure to appeal to the people of Wetaskiwin. H. Holyroyd, the pianist, is formerly a popular radio pianist, and each musician is an extra with his instrument.

On Tuesday, Jan. 24th, the orchestra plays for the opening dance at the Camrose Masonic Temple, and will be here on the Wednesday following.

\*\*\*Tim McCoy in "Spoilers of the West," a story of the West in the early days, will be screened at the Theatre on Wednesday and Thursday of next week.

\*\*\*A dance will be held in Lone Ridge Hill, by the Hall committee, on January 27th. Music by Scott's orchestra.

\*\*\*The Choir of Immanuel Church are holding a silver tea at the home of Mrs. C. E. Compton, on Friday, Jan. 27th, from 3 o'clock to 6 o'clock. Every-body welcome.

HOME NURSING CLASS.

The first lesson of the Home Nursing Course was given in the W.I. club

rooms on Tuesday afternoon, Jan. 17.

Mrs. Rodell was appointed chairman

and Mrs. Chalmers secretary-treasurer.

There are 26 on the roll. The class,

under Mrs. Craig's instruction, made

a good beginning and the success of

the course is assured. The next lesson

will be given on Tuesday, Jan. 24, at

3 p.m., in the W.I. rooms.

NEWS

GWYNNE

Mrs. A. J. Ross of Fortinosh, has been a Gwynne visitor for a few days.

Mrs. Ed. Mason was an Edmonton visitor on Monday.

The wedding supper and dance for Mr. and Mrs. H. Callios proved quite a success. About seventy-five sat

down to a well-filled table and enjoyed a lovely supper. After the supper the evening was spent in playing cards and dancing.

Mrs. J. McKenna and Bernice spent a few days in Wetaskiwin last week.

Mr. C. Maynard made a business trip to Edmonton.

Mr. and Mrs. Geo. Shantz were Battle River visitors last week.

Mr. and Mrs. F. Girard were Fortinosh visitors recently.

We are very glad to report that Miss Hazel Walster is improving after a long siege of lung trouble in the Wetaskiwin hospital.

CELEBRATES ANNIVERSARY

Miss Myrtle Felling celebrated the seventh anniversary of her birthday on Thursday, Jan. 12, entertaining a few of her small chums. The color

scheme was carried out in pink in the dining room. Those present were: Misses Alice Williams, Sylvia Chapman, Joyce Gibson, Evelyn Versteeg, Betty Johnson, Eletha Sorenson, Mary Oakes, Vera Johnson, Lorraine Smith, Elva Turner, Jean Jackson, Reta Turner, and Masters Marrel Sherbeck, Adair Sherbeck, and Cyril Smith.

Myrtle was overjoyed with lovely gifts. C.J.C.A. surprised her with her birthday announcement, saying there was still a gift hiding in the radio cabinet.

DISTRESSING ACCIDENT

Lacombe—Mrs. James Desson of the Baptist parsonage, Lacombe, met recently with a most distressing accident. She tripped in descending the

cellar stairs, and fell in such a way that she slid on the concrete floor on her forehead. That part of the scalp

loosened as far as the eyebrows. Strange to say, she did not lose consciousness. Her husband came to her

aid, and a doctor was soon attending to the wound, after which she was taken to Lacombe hospital. She is making a steady recovery. Mr. Desson came to the Baptist church here from

Edson a few months ago.
